Dear Gary,

The Cape May County Association of Chief's of Police is pleased to lend our support in your run for the position of Cape May County Sheriff. When we polled our membership the following were cited as reasons:

- ❑ Your 35 years in Cape May County law enforcement provides you the knowledge of what is needed in Cape May County Public Safety
- ❑ The fact that during your tenure at the Cape May County Public Safety Training Center you trained, in some form, every law enforcement officer in Cape May County which gives you an immense list of contacts around the county.
- ❑ As a department head in Cape May County your knowledge of the ins and outs of County Government allows you to take over the reins of the Cape May County Sheriff's Department without the usual transition period.
- ❑ Your leadership and vision displayed at the Cape May County Public Safety Training Center in taking what was a mere range facility and classrooms with a fire tower and smoke house to a state of the art Police and Fire Training Center
- ❑ Your close working relationship with the Cape May County Chief's of Police will bring about a unprecedented relationship between local law enforcement and the Office of the Sheriff where the public at large will benefit.

We wish you the best in your campaign for the Sheriff of Cape May County. If there is anything we can do for you please don't hesitate to ask.

Yours in Law Enforcement,

Chief Robert A. Matteucci
Vice President &
Chairman Training Committee
