

## CAPE MAY COUNTY FIRE CHIEF'S ASSOCIATION

P.O. Box 755  
Rio Grande, NJ 08242

Conrad Johnson, Jr., President

The Cape May County Fire Chiefs Association supports and endorses Gary G. Schaffer for Sheriff for Cape May County. His direction and service to our association and the fire personnel of Cape May County has proven to be a tremendous asset. Your vision and ability to "get things done" has shown during your last ten years as Director of the Cape May County Public Safety training Center.

More has been accomplished in the last ten years at our training center than in the previous twenty years. Under your leadership we have two brand new training facilities, a state of the art controlled vehicle burn and building burn center, and the best technology for our classroom learning environment.

It is your ability to understand not only fire but all public safety needs and the ability to work with and relate to all the arenas of public safety, we believe is your core strength. We believe this background and your established working relationship with all public safety personnel of Cape May County makes you the strongest and best candidate for Sheriff of Cape May County.

As you take these skills to the Cape May County Sheriff Department, we feel confident that not only will we benefit from your leadership but all the residents of Cape May County will also.

Best wishes for your campaign for Sheriff of Cape May County and we stand ready to assist you in any way possible.

Sincerely,

Conrad Johnson Jr., President  
Cape May County Fire Chief's Association
